

2025

SiPh Powers the Future

Taiwan BUSINESS ALLIANCE CONFERENCE

AD by MOEA

About the Forum

The Taiwan Business Alliance Conference is the Ministry of Economic Affairs' (MOEA) premier annual investment promotion event. It brings together leading multinational corporations from around the world to spotlight Taiwan's latest industrial priorities. The forum features keynote speeches by senior executives from global industry leaders, sharing insights on emerging technologies, market trends, and investment opportunities in Taiwan.

Theme for 2025

In response to global shifts in supply chains, Taiwan continues to demonstrate strengths in semiconductor manufacturing, AI applications, and precision health. To maintain its strategic role in the global technology ecosystem and embrace the AI era, the government is rolling out the 10 major artificial intelligence (AI) projects, targeting quantum computing, silicon photonics, intelligent robotics, and smart living ecosystems. These initiatives aim to build a globally influential value chain in partnership with international players.

With rising demand for advanced manufacturing, telecommunications, and high-performance computing, silicon photonics—with its high-speed, energy-efficient properties—is emerging as a breakthrough technology. It plays a pivotal role in advancing AI and semiconductors while enabling rapid growth in applications such as data centers and smart cities.

As such, the theme for 2025 will be "SiPh Powers the Future". Senior executives from key multinationals in AI, semiconductors, and communications have been invited to explore cutting-edge trends, discuss investment opportunities in Taiwan, and share their experiences working with Taiwan's supply chain ecosystem.

To further boost global collaboration, this year's conference will feature industry matchmaking sessions focused on semiconductors and precision health. These sessions are designed to promote strategic partnerships and facilitate mutually beneficial cooperation between domestic and foreign companies.

We cordially invite you to join us at the 2025 Taiwan Business Alliance Conference to explore new frontiers in technology, gain insights into global investment trends, and connect with partners for future collaboration.

Date & Time: October 21, 2025 (Tuesday), 10:00–12:00

Venue: Nangang Exhibition Center Hall 2, 7th Floor, A & B Conference Rooms

(No. 2, Jingmao 2nd Road, Nangang District, Taipei)

Organizer: Ministry of Economic Affairs (MOEA)

Executive Organizer: Industrial Technology Research Institute (ITRI)

Contact: Ms. Jenny Tsai | +886-6-3032369 ext. 209 | Jenny@itri.org.tw

Registration Deadline: October 13, 2025 (Mon), 18:00 or until fully booked

The forum will be conducted in English with simultaneous interpretation in Chinese and English.

2025 Taiwan Business Alliance Conference Agenda

Time	Activity	Special Guests
09:00~10:00	Registration	
10:00~10:05	Opening Remarks	Minister, MOEA
10:05~10:10	Remarks by Distinguished Guest	
10:10~10:30	The LOI Signing Ceremony	
10:30~10:45	Keynote Address 1 (TBC) Empowering the Future of Semiconductors: Multinational Corporation's Vision for Strategic Investment and Partnership in Taiwan	Senior Representative of Leading Multinational Corporation
10:45~11:00	Keynote Address 2 (TBC) Embracing AI Transformation: Leading the Future Wave of Smart Cities	Senior Representative of Cisco (TBC)
11:00~11:15	Keynote Address 3 (TBC) Forging Global-Taiwan Collaboration in Silicon Photonics: Innovation Without Borders	Dr. Jachen Hsieh, Vice President of SiPhcomm Business Unit, Foxconn Technology Group
11:15~12:00	Foreign Investment and Partnership Networking Session	
To foster investment cooperation with international companies and enhance integration into global supply chains, we have arranged one-on-one networking meetings in the semiconductor and precision health sectors to facilitate potential business collaborations and opportunities.		
12:00	Adjournment	

※ The organizers reserve the right to make changes to the agenda and speaker lineup.
