

2021 NCKU-Taiwan-Europe Connectivity Scholarship- Chinese Language Project Winter Session

- The aim of curriculum design is to develop students' Chinese listening, speaking, reading, writing and translation skills through interactive teaching and practical content. Students' language abilities can progress from novice level to advanced level within two years.

ABOUT THE CLASS

The CLC offers immersive courses at 9 levels from beginning to advanced (A-I). Students are required to take a placement test before each session begins and will be assigned to appropriate level class accordingly. We put emphasis on both language skills and cross-cultural communication.
