Air Ticket
- 02 Housing
(Double room)
- 03 Tuition and fees
Waiver
- 04 A Monthly Stipend of
NT\$18,000
- 05 Insurance &
Textbook Costs

DIRECTOR'S WORDS

Taiwan boasts the world's leading health care system. The School of Health Care Administration (HCA), established in 1997, launched its graduate program in 2002 to develop future health care leaders. Our MBA program offers motivated students a comprehensive interdisciplinary education in theory and practice, preparing them for leadership roles in both private and public health care sectors.

Wei-Pin, Chang,
Director and Professor of HCA

Student Feedback

Enrolling at TMU and studying in master program in Health Care Administration has been a remarkable opportunity. Its diverse courses have significantly expanded my knowledge of health care administration, which will equip me to contribute to health care improvements in my home country

--- Shafici Abdi Nur
(From Republic of Somaliland)

I am fortunate to be a recipient of an ICDF scholarship which allows me to pursue a specialized field of study not available in my home country. I encourage you to seize the opportunity to study in Taiwan, have a chance to learn or master a new language, and explore diverse cultures while connecting with people from various backgrounds.

--- Osmarly SEJOUR
(From Haiti)
