- (3) An individual referred to in the preceding two subparagraphs must have never previously undertaken studies in Taiwan as an overseas Chinese student nor have accepted a placement by the University Entrance Committee for Overseas Chinese Students in the current academic year

A foreign national who was selected by a foreign government, organization, or school to study in Taiwan in accordance with the Education Cooperation Framework Agreement, and who has never had household registration in Taiwan may be given exemption from the restrictions set out in the preceding two paragraphs if the competent education administrative authority gives approval.

The term "overseas" as prescribed in Paragraph 2 is limited to countries or regions other than Mainland China, Hong Kong and Macau; the term "reside overseas continuously" means that an individual may stay in Taiwan for no more than a total of 120 days per calendar year. If the calculated calendar year is not one complete calendar year, their stay in Taiwan should not exceed 120 days within the calculated calendar year period. The only exceptions to this method of calculation are for those who fulfill one of the following requirements with written supportive proof:

- (1) Attended overseas youth training courses organized by the Overseas Compatriot Affairs Council or technique training classes accredited by the Ministry of Education;

The term “reside overseas continuously” means that an international student has stayed in Taiwan for no more than a total of 120 days in each calendar year. However, time that a person has spent in Taiwan is not subject to this restriction and it is not counted when calculating how long they were in Taiwan in a particular year if the person has documentary proof and falls into one of the circumstances listed in the preceding Article, Paragraph 5, Subparagraphs 1-4.

An applicant being a former citizen of Mainland China and holds a foreign nationality, having no history of household registration record in Taiwan, and at the time of application, has resided overseas continuously for no less than 6 years is qualified to apply for admission under these regulations.

The term “reside overseas continuously” means that an international student has stayed in Taiwan for no more than a total of 120 days in each calendar year. However, such a term may be exempted if any of the conditions prescribed in Subparagraphs 1 through 4, Paragraph 5 of Article 2 applies and is supported with written proof, and the said domestic length of stay shall be excluded from the overseas length of residency.

The six years calculation period as prescribed in Paragraph 1 and Paragraph 3 shall be calculated from the starting date of the semester (Feb.1st or Aug.1st) as the designated due date for the time of study.

In case that the University applies to recruit more than an additional ten percent, it shall submit a report of the planned increment (including associated quality control strategy and supportive measures) to the Ministry of Education for approval.
